# Quality Lab Tools

## for Chemistry & Life Science

BrandTech® Scientific provides labs with convenient, reliable tools to help researchers get their work done efficiently, comfortably, and safely. Products include: BRAND® liquid handling instruments, life science plastics, and BLAUBRAND® volumetric glassware; VACUUBRAND® vacuum pumps; VITLAB® volumetric plastic labware; and BOCHEM® stainless steel laboratory support jacks.

### Liquid Handling Products

Accuracy, reliability, ease of use, and simple maintenance are the hallmarks of BRAND® Liquid handling products.

BRAND® Ultra Low Retention tips feature a covalently bound surface treatment that won't contaminate your samples and is more hydrophobic than PTFE.

Scan for ULR tip video

### Life Science Plastics

BRAND® life science plastics are manufactured to exacting standards, from the highest quality virgin resins, under clean room conditions. The resulting high performance products deliver reliable, consistent results batch after batch.

### Class A, USP, Volumetric Glassware

BLAUBRAND® USP volumetric instruments comply with the Class A error limits required by the United States Pharmacopeia.

### Plastic Labware

VITLAB plastic labware is manufactured in Germany using only high-quality materials for excellent results in demanding laboratory applications.

### Laboratory Support Jacks

BOCHEM laboratory support jacks feature lift mechanisms constructed entirely of 304 stainless steel with POM rollers for corrosion resistance and service life far greater than conventional steel lift mechanisms.

### Vacuum Pumps, Systems, and Gauges

VACUUBRAND has been a pioneer in laboratory vacuum for over 40 years and is recognized globally as the leader in oil-free diaphragm vacuum pump technology.
